000-427: IBM System z Solution Sales V3

Practice Exam: 000-427 Exams

Exam Number/Code: 000-427

Exam Name: IBM System z Solution Sales V3

Questions and Answers: 47 Q&As

([IBM certifications III](#))

[000-427 Exam](#)

IBM certifications III [000-427](#) Q&A are created by senior IT lecturers in VisualExams certification Q&A network and IBM certifications III product experts combination PROMETRIC or VUE true-to-date environmental examination of the original title.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **IBM IBM certifications III 000-427** (IBM System z Solution Sales V3 (IBM certifications III)) examination of original title complete coverage. 000-427 Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

VUE/Prometric Code: 000-427

Exam Name: IBM System z Solution Sales V3(IBM certifications III)

Questions and Answers: 47 Q&A

Exam : IBM 000-427

Title : IBM System z Solution Sales V3

1. A university physics department issues a RFP for a large system for research purposes. The System z Sales Specialist has never met this group previously.

Which of the following describes the likely financial justification process?

- A. The department will conduct a study of all the operating systems available
- B. The department will compare distributed, clustered, and centralized implementations and decide based on TCA
- C. The department will compare communication sub systems, and LAN topologies between all vendors
- D. The department will purchase a system to meet performance needs at the best price and consider the total cost of ownership

Answer: B

2. When trying to evaluate a customers z/OS capacity requirements.

Which of the following IBM tools can perform capacity planning from customer SMF data?

- A. AD Tools
- B. CP3000
- C. LSPR
- D. zPCRWArialZ

Answer: B

3. The OSA-ICC is most similar in function to which of the following devices?

- A. 2074 Console Support Controller
- B. 2029 (DWDM) Dense Wavelength Division Multiplexer

- C. ESCON Director
- D. 37XX Communications Controller WArrialZ

Answer: A

4. A System z Sales professional has just begun discussions with a new prospective customer.

Which of the following information is the most important at this step?

- A. Decision date
- B. Enterprise architecture
- C. Business issue
- D. Project budgetWArrialZX

Answer: C

5. A System z customer is very interested in OOCoD to handle future needs.

Which of the following describes the order process?

- A. The CIU contract and OOCoD appendix are signed and, if needed, the OOCoD Capability Feature is ordered. A single OOCoD order is placed that reflects the original and anticipated CPs required.
- B. The CIU contract and OOCoD appendix are signed and, if needed, the OOCoD Capability Feature is ordered. Customer enrolls in ResourceLink. When needed, the customer orders a CIU OOCoD.
- C. The CIU contract and OOCoD appendix are signed and, if needed, the OOCoD Capability Feature is ordered. Two MESs are ordered. The first reflects the original CPs needed and the second reflects the total CPs needed.
- D. The CIU contract and OOCoD appendix are signed and, if needed, the OOCoD Capability Feature is ordered. A single OOCoD order is placed for the original CPs needed. A second OOCoD order is placed when the need arises.WArrialTimes New RomanZX

Answer: B

6. A prospect with a large number of Windows servers distributed across the globe is considering migrating to single System z. The customer is very concerned with the rapid growth of his Windows support staff, and the space used by the servers in the various locations.

Which of the following is likely to provide long term justification in this scenario?

- A. T Reduced Footprint size at the central location
- B. Technical skill requirements
- C. Power requirements
- D. High AvailabilityWArrialZX

Answer: B

7. A current 2084 A08 304 customer intends on getting off of the mainframe in the next year by moving applications to a distributed environment. Today they are running at 98% capacity and think they will grow at least 10% before year end. What is the best solution for this customer.

- A. Move to the new System z10 BC which is smaller than the 2084 and allow for software savings and provide a way to downgrade using capacity settings.
- B. Add an engine to the existing machine so they can turn it on right away.
- C. Upgrade to a z10 EC and use capacity settings to downgrade as needed and get some IBM software savings.
- D. This is really not a customer the Sales Rep would want to deal with since there is no long term potential, but should suggest outsourcing as a viable option.WArrialZ

Answer: C

8. A prospective manufacturing customer with an existing complex environment is requesting a proposal for a TSM data management solution. What should be the first step taken to validate the customer's project?

- A. Perform a TSM benchmark
- B. Verify funding
- C. Contact the IBM Software Sales Professional
- D. Survey customer's current environmentWArrialZ

Answer: C

9. A Windows customer is considering migrating to a Z
Which of the following elements could be seen as a challenge?

- A. Security
- B. Virtualization
- C. Disaster Recovery (DR)
- D. Technical skills of existing staff

Answer: D

10. A System z10 retail customer with home written Cobol applications is considering replacement of their older z/OS server with new technology. They do not believe a replacement would be less costly than keeping their current server. Which of the following factors in z10 are relevant in convincing them otherwise?

- A. Application costs, z/OS maintenance, and floor space
- B. MSU software savings, hardware maintenance, software efficiency
- C. z/OS administration, hardware maintenance, and database costs
- D. Floor space, power and cooling, z/OS maintenance, and hardware maintenance

Answer: B

11. What is the advantage of dynamic oscillator switchover?

- A. Allows the backup oscillator to detect the failure, switch over and provide redundant power capabilities.
- B. Allows the backup oscillator to detect the failure, switch over requiring only an IPL instead of a full Power on Reset.
- C. Allows the backup oscillator to detect the failure, switch over, and provide the clock signal to the server transparently.
- D. Supports enhanced availability for z890, z900, and z9

Answer: C

12. A z10 customer has numerous Unix servers, a large number of Windows servers, and an unidentified number of small department servers that were acquired outside of IT influence. The CIO wants to know how much they are currently spending on IT company wide and determine if software licenses are managed correctly.

Which of the following approaches would provide that information?

- A. Perform a TCO analysis
- B. An internal review, department by department
- C. Review of all department expense items
- D. Interview all department heads

Answer: B

13. A new Controller at an older but supported level mainframe customer contacts the System z Sales Specialist. The controller is very disappointed with the overall performance of the existing equipment. They have discovered users who cannot use the systems due to resource constraints.

Which of the following actions will address this situation?

- A. Run CP3000
- B. Upgrade to current level OS
- C. Propose a services contract to tune the existing system and establish the system requirements
- D. Run a sample of the System p AIX workload in an LPAR to establish the total system requirements

Answer: D

14. A System z10 customer is evaluating z/OS capacity requirements.

Which of the following IBM tools can perform capacity planning from customer SMF data?

- A. zPCR
- B. LSPR
- C. CP3000
- D. AD Tools

Answer: C

15. A System z customer has a new CIO. The CIO is concerned about continuing operations and recovery following a catastrophe.

Which of the following addresses this issue?

- A. GDPS
- B. TAM
- C. DR
- D. WASWArialZ

Answer: A

VisualExams provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 000-427 Exam.

000-427 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the IBM certifications III product experts, included the current newest 000-427 examination questions.

3. 100% Guarantee to Pass Your IBM certifications III exam and get your IBM certifications III Certification.

All will purchase "000-427 Q&A" customers will obtain refund money after-sale commitments if do not pass the exam, And enjoy the upgrade Q&A service for free in one year. Ensure customers a pass rate. VisualExams helps you one time pass the IBM certifications III 000-427 tests.

We promised that use VisualExams Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title, summarized by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A. The correctly of the Q&A is 100%, the coverage of 000-427 Q&A are more than 96%. All you need to study the whole 000-427 Q&A before you participate the certification exam, it should be possible to easily complete the exam and pass the certification.

2. VisualExams to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our 000-427 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of 000-427 Q&A, absolutely guarantee you interests have no losses. (For a full refund details)

3. VisualExams professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the 000-427 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[IBM 000-427](#) Test belongs to one of the IBM certifications III certified test, if needs to obtain the IBM certifications III certificate, you also need to participate in other related test, the details you may visit the [IBM certifications III](#) certified topic, in there, you will see all related IBM certifications III certified subject of examination.

000-427

VisualExams professional provide IBM certifications III 000-427 the newest Q&A, completely covers 000-427 test original topic. With our complete IBM certifications III resources, you will minimize your IBM certifications III cost and be ready to pass your 000-427 tests on Your First Try, 100% Money Back Guarantee included!

VisualExams Engine Features

Comprehensive questions and answers about 000-427 exam

000-427 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

000-427 exam questions updated on regular basis

Same type as the certification exams, 000-427 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing
